

Vehicles equipped with **OIL LIFE SYSTEMS**
most 2004 or newer vehicles.

- MAINTENANCE 1 - (AS NECESSARY)**\$49.95
 - Change engine oil.
 - Replace oil filter.
 - Reset oil life monitor.
 - Lubricate chassis as needed.
 - Rotate tires and set pressures to factory setting.
 *(Add \$15.00 to reset tire pressure monitors)
 - Check operation of all lights.
 - Check coolant and windshield washer fluid level and add as needed.
 - Check vehicle for any outstanding recalls.

- MAINTENANCE 2 - (AS NECESSARY)**\$69.95
 - *Includes Maintenance 1 above plus.*
 - Inspect engine air cleaner filter (Additional charge to replace).
 - Inspect suspension and steering components.
 - Inspect brake system, includes lines, hoses, pads, calipers, wheel cylinder condition and rotors/drums
 - Visually check vehicle for any leaks or damage.
 - Inspect engine cooling system for leaks and proper operation.
 - Inspect wiper blades (additional charge to replace).
 - Check transmission fluid level and add fluid as needed.
 - Lubricate hood, doors and trunk hinges/latches.

NOTE: Additional charge services at *25,000 and **50,000 miles
 * Replace air filter ** Perform Automatic Transmission Flush

most 2003 and older vehicles.

- SERVICE LEVEL A - (Every 3,750 MILES)**\$19.95
 - Oil change Up to 5 qts. of oil.
 - Replace oil filter.
 - Complete chassis lubrication as specified by owners guide.
 - Check power steering fluid.
 - Check transmission fluid.
 - Check brake fluid.
 - Check and fill washer fluid as necessary.
 - Inspect and adjust tire pressures according to manufacturer label.
 - Visual inspection of battery and cables.
 - Check operation of all lights.
 - Check for any outstanding recalls.

- SERVICE LEVEL B - (Every 7,500 MILES)**\$46.95
 - *Includes all of the above plus.*
 - Rotate tires.
 - Inspect tires for abnormal wear/damage.
 - Inspect all hoses, belts and filters for wear.
 - Complete underbody exhaust, suspension and steering inspections.
 - Check front/rear axle fluid level and add as needed.
 - Check constant velocity joints and axle seals for cracks or leaks.

- SERVICE LEVEL C - (Every 15,000 MILES)**\$109.95
 - *Includes all of the above plus.*
 - Cooling system maintenance.
 - Clean, adjust and inspect all brakes for condition and wear.
 - Balance all four tires.

- SERVICE LEVEL D - (Every 30,000 MILES)**\$219.95
 - *Includes all of the above plus.*
 - Emission maintenance service.

- SERVICE LEVEL E - (Every 60,000 MILES)**\$469.95
 - *Includes all of the above plus.*
 - Automatic transmission flush.
 - Cooling system flush.
 Add \$19.95 for DEX-COOL

ENGINE PERFORMANCE SERVICE - (AS NECESSARY)

- 4 Cylinder \$79.95
- 6 Cylinder \$99.95
- 8 Cylinder \$129.95
- Add for vans, performance vehicles, 3.1, 3.4 and 4.3 engines..... \$48.95
- Add \$6.00 for each platinum and \$9.00 for each Iridium plugs

WHAT WE DO **WHY WE DO IT**

- Replace spark plugs Provides peak engine performance
- Inspect filters, belts and hoses Improves fuel economy
- Adjust ignition timing
- Examine ignition coil, wires and cap
- Inspect battery cable condition

EMISSION MAINTENANCE SERVICE - (30,000 MILES).....\$119.95

Add \$40.00 for 2.2 and \$50.00 for 2.0 engines (fuel filter)

WHAT WE DO **WHY WE DO IT**

- Replace fuel filter, PCV valve, air cleaner and breather element (as applicable) Provides a quick starting engine
- Inspect evaporative emission recovery system Maintains emission warranty
- Inspect all vacuum lines for leakage Removes contaminants from fuel system
- Examine EGR and warm air valves

ENGINE/EMISSION PERFORMANCE PACKAGE - (SAVE \$29.95)

- 4 Cylinder \$169.95
- 6 Cylinder \$189.95
- 8 Cylinder \$219.95
- Includes Engine Performance service and Emission Maintenance service
- Add for vans, performance vehicles, 3.1, 3.4 and 4.3 engines \$48.95
- Add \$40.00 for 2.2 and \$50.00 for 2.0 engines (fuel filter)
- Add \$6.00 for each platinum and \$9.00 for each Iridium plugs

FUEL INDUCTION SERVICE\$89.95

WHAT WE DO **WHY WE DO IT**

- Remove air inlet hose Reduces rough idling stalling
- Remove throttle body housing Flushes out performance-robbing deposits
- Clean throttle plates Restores lost power
- Add power cleaning fluid to fuel supply Reduces exhaust emissions
- Access and inspect engine's air intake valve Prevents carbon buildup from unleaded gas
- Clean air intake system and combustion chambers

AUTOMATIC TRANSMISSION FLUSH \$139.95

WHAT WE DO **WHY WE DO IT**

- Use a safe and effective cleaner to dissolve and suspend the varnish and gums in the transmission, valve body, torque converter, pan filter element, transmission lines and transmission cooler Extends life of transmission
- Flush entire unit of all old fluid and suspended debris and install new high tech fluid Cleans, cools, and lubricates transmission parts
- Provides smoother shifting
- Maintains vehicle warranty
- Adds extended trouble-free miles
- Filter replacement at additional cost

ABS BRAKE FLUID FLUSH.....\$89.95

WHAT WE DO **WHY WE DO IT**

- Complete exchange of brake fluid Protects ABS module/seals

POWER STEERING FLUSH\$89.95

WHAT WE DO **WHY WE DO IT**

- Drain power steering fluid Removes harmful deposits and impurities from the power steering system
- Fill with proper fluid Reduce power steering system wear
- Inspect for proper operation Condition and revitalize seals and components

COOLING SYSTEM FLUSH\$104.95

- With thermostat replacement add..... \$59.95
- 3.1 and 3.4 Engines with cooling service and thermostat add \$99.95
- Additional charge for DEX-COOL..... \$19.95

WHAT WE DO **WHY WE DO IT**

- Pressure test radiator cap & system Prevents engine boil-over in summer
- Flush entire system Prevents engine freeze-up in winter
- Refill system with up to 2 gallons of coolant Provides prevention from rust & corrosion
- Dispose of the old anti-freeze/coolant in an environmentally safe & responsible manner Increases vehicle comfort

RIDE & HANDLING SERVICE

- Computerized 4 Wheel Alignment\$79.95
- Rotate Tires.....\$19.95
- Computer Balance 4 Wheels\$44.95
- Ride & Handling Package 4 Wheel.....\$114.95

Dual Wheels Extra

(Includes 4 wheel balance and alignment, rotate tires, and brake inspection.)

Additional charge for 8 lug and dual wheel vehicles.

(Caster, Camber, shims and weights extra.)

WHAT WE DO

- Inspect tires for condition & wear
- Inspect front & rear suspension
- Measure and adjust front & rear camber, caster & toe (as applicable)
- Remove & rotate all 4 wheels
- Computer balance all 4 wheels

WHY WE DO IT

- Prolongs/extends life of tires
- Allows for proper tracking of tires
- Eliminates wheel vibration
- Decreases fuel consumption

COMPETITIVE BRAKE SERVICE (CAR)

- Clean and adjust brakes\$44.95
- Replace brake pads\$149.95
- Replace brake shoes\$149.95
- Resurface 2 rotors or 2 drums\$69.95
- Original equipment parts at additional cost.

COMPETITIVE BRAKE SERVICE (TRUCK, UP TO 7200 GVW)

- Replace pads/shoes\$169.95
- Add to resurface 2 rotors or 2 drums\$69.95
- Add for hub removal (8 lug wheel)\$59.95
- Additional charge for rebuilding or replacing wheel cylinders and repacking wheel bearings.
- Original equipment parts at additional cost.

WHAT WE DO

- Replace pads & or shoes
- Lubricate cables & linkage
- Visual inspection of master cylinder, fittings, calipers, wheel cylinders and lines for damage or leakage
- Bleed brake system and refill (as necessary) with proper D.O.T. approved fluids
- Emergency brake adjustment

WHY WE DO IT

- Neglecting your brakes can cause damage that jeopardizes your safety & can prove costly to repair.

4 WHEEL DRIVE LINE SERVICE - (30,000 MILES)..... From \$259.95
Add \$20.00 for G-80 (¾ and one ton vehicles)

WHAT WE DO

- Drain & Refill front differential
- Drain & refill rear differential
- Drain & refill transfer case
- Inspect front axle CV joints
- Lubricate shaft linkage - as applicable
- Inspect & lube U joints
- Road test for proper operation

WHY WE DO IT

- Protects against bearing and gear failure
- Prevents abnormal wear on gears due to poor lubrication
- Prevents gear overheating
- Better protection in colder climate

DIAGNOSTIC SERVICES - (AS NECESSARY)

Air Conditioning Performance Check \$129.95

The GM air conditioning maintenance includes: Testing output air temperature, connecting pressure gauges to system and testing for visual leaks; Recharge with up to one pound of refrigerant and add tracer dye to system; Cleaning of condenser core; Inspection of connections and hoses for tightness; Adjustment of air conditioning belt and tightening of compressor mounting as necessary.

Charging System & Starter Evaluation\$44.95

Designed to evaluate your car's starting & charging system performance. We test your alternator; regulator, starter & battery for proper output and connections. We inspect your battery terminals and cables for deterioration and adjust all belt tensions as necessary.

Tech 1/Tech 2 Computer Analysis \$119.95

Includes connecting your vehicle to GM's diagnostic equipment. Reporting and interpreting codes stored in your engine's computer. If you require further diagnosis, our state-of-the-art diagnostic equipment is ready to pinpoint your car's electrical and engine performance problems. Our equipment plus our technical staff will enable us to recommend repair procedures before you have paid unnecessary repairs and parts.

Automatic Transmission Diagnosis\$119.95

ROAD TEST - Inspect fluid integrity, connect vehicle to our diagnostic equipment, checking shift points and accessing codes.
